

## CAPTAIN IDENTIFIES THREE NEGRO RIOTERS

Testifies at Court Martial Trial Held at San Antonio

Capt. Shekerjian Asserts the Shooting up of Houston by Negro Troopers Caused by Action of Policeman Sparks in Abusing Corporal Baltimore of 24th Infantry.

San Antonio, Texas, Nov. 2.—Positive identification of three negroes of the twenty-fourth infantry who participated in the riot at Houston, August 23rd, last, which resulted in the death of twenty-two persons, was made this afternoon by Captain Halg Shekerjian of the 24th infantry testifying at the court martial trial of sixty-three negroes who are charged with mutiny, murder and rioting.

The negroes identified were Corporal J. R. Hawkins, Corporal G. Brown and Private Ira Davis. They were among the defendants in the court room.

The shooting up of Houston, according to Captain Shekerjian's testimony was precipitated by action of Policeman Sparks of Houston in abusing Corporal Charles Baltimore of the 24th infantry when he arrested him in the streets of Houston on the afternoon preceding the night of the outbreak. At the time of Baltimore's arrest the witness testified Baltimore was on military police duty and wore a badge that was plainly visible to Policeman Sparks.

The trouble started, Captain Shekerjian testified, when Baltimore asked Policeman Sparks why he had arrested a negro member of the 24th infantry. Baltimore according to Shekerjian said Sparks "cursed him" and told him it was "none of his business." Baltimore then told Sparks that he was on guard duty and would have to report back to his commanding officer way the soldier had been arrested. To this, according to the witness Sparks replied he did not have to tell "a nigger" and hit him twice on the head with his pistol.

Baltimore then ran down the street and into a house, while Sparks fired three shots at him.

Baltimore took refuge under a bed, Sparks following, pulled him out and striking him twice more with his pistol. Baltimore then was taken to jail. Meantime the report had reached Camp Logan, where the negro troops were stationed that Baltimore had been shot and killed. This incensed the negro troops. Shekerjian testified and notwithstanding the fact that they were later told that Baltimore was not killed, their anger continued to rise and that night they mutinied, went to Houston and shot up the town.

Captain Shekerjian testified that he was at Camp Logan on the afternoon preceding the shooting when a negro soldier and a civilian brought in a report that Baltimore had been shot in the head and was lying in a street in Houston. Major Snow, he said, sent him into the city to investigate.

Later at Camp Shekerjian he called all the first sergeants into his tent and told them the incident, explaining Sparks was at fault and would be properly punished.

Shekerjian detailed happenings in camp later in the evening. The soldiers, he said, seemed to think a mob of civilians was coming to shoot him. He told them, he said, nobody could come into the camp to harm them unless it was over him.

"We are tired of this. We will take the law into our own hands," one negro shouted, "the captain testified. 'Others' excitedly shouted, 'give me a rifle! Give me more ammunition.' Be sure and get enough."

Then Shekerjian testified, "some man knocked me over. I got up, pulled my flashlight and threw it in the man's face. 'Drop that light or I'll put a hole thru you' he commanded me and I put out the light."

The captain pointed out Ira Davis, seated among the 63 other defendants in the court room, as the man he referred to.

Shekerjian then testified that men began firing and there was too much noise for them to hear his commands to stop.

"I saw a group of men lying behind a stump," he said, "firing. I grabbed their guns, told them there was no danger and to quit firing and help restore order. They quit."

"About this time I heard some one yell 'to h—l with going to France. Let's go clean up that ----- city.'"

Then the captain said he saw a man running past him.

"I grabbed him and said 'help me get these men in shape.' It was Corporal Brown, he thus addressed, witness said and he pointed out Brown among the prisoners.

"Let's go to work, M. Company has gone," Shekerjian said he heard some one say. The negroes then were running toward the town, he added.

Asked how much ammunition the negroes took out of camp Captain Shekerjian replied that 15,000 rounds was taken from I company tent, 800 rounds from L company and 2,000 rounds from M company.

When Shekerjian had completed his testimony court recessed until tomorrow.

## MORE NEW OFFICERS.

Fort Snelling, Minn., Nov. 2.—News that dismissals by the end of the week would probably reduce the student officers' corps to about 1,100 was followed today by the publication of an order stating that 176 additional commissions as provisional second lieutenants would be issued. The order does not affect the awarding of commissions to reserve officers.

## War News Summarized

The Germans have retreated from points along the historic Chemin des Dames sector on Aisne front in France, where for several months the French troops of General Pétain had been keeping them sharply to task.

Just where the retrograde movement took place and how far it extends cannot yet be told as the German official communication announcing it merely says that the teutons "unnoticed and undisturbed by the enemy" systematically withdrew their lines from the hilly front in this region. The entire line to the north of the Aisne where the Germans were last reported as facing the French is undulating in character from the Soissons sector eastward to the vicinity of Craonne, and therefore it is impossible from the rather terse acknowledgement of withdrawal, to delimit the terrain which has been given up.

Nevertheless it seems apparent that the Germans tired of the terrible ordeal they had been forced to undergo for some time from the trench artillery and violent infantry attacks, have decided to fall back upon Boan, capital of the department of the Aisne which with its network of railways has been the quest of the French. It is possible and seemingly probable that the withdrawal of the Germans will compel also the falling back of the German forces in the turn of the battle line in this region running northward to St. Quentin. If, indeed, it does not affect the German positions as far north as Arras.

On the Italian front the Austro-Germans and Italians are in combat along the middle and lower regions of the Tagliamento river with the teutonic forces on the east and General Cadorna's army on the western side of the stream. As far as is known the enemy has not yet been able to cross the river which is in freshet but it seems apparent that from the Carnic Alps along the Adriatic the Italians now are holding their new line of defense securely. Meantime with the Italians waiting for eventualities on the eastern Front plains the sentiment in Italy among all classes is seething with patriotic fervor and even the old Garibaldi veterans and men invalided at home as the result of injuries in the present war desiring to rush to the scene of hostilities and tender their aid in repelling a further invasion.

On the other fronts there have been no further engagements of great importance. The British have carried out minor operations for gain west of Passchendaele and southeast of Doullapelle in both of which prisoners were captured. To the east of Ypres the German gas have been violently shelling the British lines.

Altho according to the Russian premier, Russia is war worn and believes she has the right to claim that the allies now should take the heaviest part of the burden off her shoulders the new republic has no intention to declare herself out of the war, he said, was urgent money and supplies, he appealed to the world not to lose faith in the Russian revolution.

## BERNHARDT VISITS AT CAMP GRANT

ROCKFORD, Ill., Nov. 2.—Mrs. Sarah Bernhardt was welcomed by the men of the eighty-sixth division today. Escorted by Major General T. H. Barry and staff, she was driven about Camp Grant and watched the selective army drilling. She exclaimed over the "big" men comparing them with the smaller troopers of France.

Barry and Brig. Gen. M. H. Barnum, the latter the newly appointed commander of the negro brigade addressed the thousand negro selectives in the auditorium today sending the soldiers back to the barracks singing.

## TO DISCUSS WAR FINANCES

Philadelphia, Pa., Nov. 2.—"Finance of the War" is the important topic to be threshed out at a two-day conference of financial experts and others, which was opened in this city today under the auspices of the American Academy of Political and Social Science. Included among the participants in the conference are many leading bankers, college professors and other economic experts, representatives of the treasury department of the United States, and the several special commissioners now representing the allied nations in the United States.

The principal subjects scheduled for discussion are: How much is the war going to cost the United States? How is the money to be raised, by taxes, or by loans, or if by both, in what proportion? What is the debt limit of the United States, or how much can we borrow without hampering business? Do government loans cause inflation? What can the United States learn from the financial experiences of her allies and enemies?

## MANY TROOPS STILL ON RUSSIAN FRONT.

Washington, Nov. 2.—Notwithstanding withdrawal of German troops from the Russian front for the Italian campaign, there still are 147 German, Austrian, Turkish and Bulgarian divisions facing the Russian army, the Russian embassy announced today. They are eighty-six infantry and ten cavalry German divisions; thirty-three infantry and eleven cavalry Austrian divisions, and seven Turkish and Bulgarian infantry divisions.

## AUTO MANUFACTURERS PLEDGE CO-OPERATION

Needs of Army Discussed by War Industries Board

Plan to Divert Part of Each Motor and Accessories Plant to Production of War Material.

Washington, Nov. 2.—Conscription of industries to supply needs of the army was discussed today by the war industries board with automobile and accessories manufacturers, who pledged co-operation to the government. The plan is to divert a part of each plant to the production of war material. It was made plain to the manufacturers today that while their help is required the government has no intention of taking any drastic action which would cripple the industry.

It was agreed to have the manufacturers represented in the National Automobile Chamber of Commerce and the motor and accessory manufacturers, appoint a committee to work with the automotive products section of the war industries board in planning how the big automobile factories of the country can be of the greatest service.

Today's conference is the first of many to be held with makers of non-essentials as the progress of the war makes greater demands on the country's resources. All such industries probably will be called to fall in line.

Everything will depend on the government's needs and no step will be taken until its effect has been weighed and her industries board is sure it is for the good of the country as a whole.

Particular attention was paid today to employing men now at work in factories where products may be curtailed and it was stated authoritatively no action will be taken until a definite plan has been formulated as to how the labor affected is to be employed in the home territory, thereby preventing costly and disorganizing migrations.

## PREDICT PRICE DROP ON CANNED VEGETABLES

WASHINGTON, Nov. 2.—An immediate drop in prices on canned vegetables was predicted by the food administration today as a result of putting into operation the license system for wholesale dealers. Many canned goods, it was said, were bought by dealers at low prices last spring and can be sold at less than the present market prices.

Dealers charging more than a reasonable profit are liable to forfeiture of their license to do business.

Retailers will be controlled to an extent also thru the operating of the licensing system. Those charging more than the food administration considers just will find their supplies cut off in orders to wholesalers to cease furnishing them with goods.

The food administration today warned dealers who have not applied for license blanks that they will be charged with violations of the food law if they continue to sell goods.

## SOCIALISTS GIVEN HEAVY SENTENCES

ST. LOUIS, Nov. 2.—Prison sentences ranging from one year and a day to two years were imposed on twenty-six German Socialists, convicted here last week for conspiring to obstruct the selective draft in federal court here today by Judge Youmans. Fines ranging from \$300 to \$1,000 also were assessed against the men. August Friedrich, alleged leader of the conspiracy, was fined \$1,000 and sentenced to five years in prison. Motions for a new trial were denied. The men will be sent to the federal prison at Leavenworth, Kansas.

## CONCEDE APPOINTMENT OF VON HERTLING

BERLIN, Nov. 2.—via London.—The Berlin newspapers without exception concede the appointment of Count Von Hertling as German imperial chancellor and anticipate his acceptance of the post. It is stated that King Ludwig of Bavaria in response to Emperor William's request has released Count von Hertling from the post of prime minister of Bavaria and thus removed the last formal hindrance to his appointment to the chancellorship.

## BRAZIL MUST CONSERVE

Rio Janeiro, Nov. 2.—President Braz, in a circular addressed to the presidents of the various states of Brazil, declares that Brazil faces without faltering the sacrifices she will be called upon to make because of her entrance into war. The president urges co-operation in keeping down expenditures, as well as in increasing agricultural production in order that Brazil may become the granary of the Allies.

## CHICAGO-ILLINOIS FOOTBALL GAME TODAY

Chicago, Nov. 2.—A crowd of 22,000 persons is expected on Stagg field tomorrow to see the annual Illinois-Chicago football game. Both teams are in excellent shape, Illinois is without a scratch and the Chicago players have few complaints. Indications point to an interesting game, in Ellet, Rouse and Higgins the Massachusetts and the Chicago players have been anything Stagg had for hitting the line last year.

## PLOT TO ABDUCT OR KILL HENRY FORD II.

DETROIT, Mich., Nov. 2.—It became known today that federal agents in Detroit are investigating an alleged plot to abduct or kill Henry Ford II, infant son of Edsel Ford and grandson of the multimillionaire manufacturer. A letter demanding \$10,000 from Edsel Ford as the price for the baby's safety, was turned over to Postoffice inspectors several days ago.

It is understood that one man has been detained and that several arrests are impending. The letter was signed "Sicilian Anarchists Association."

## ITALIAN GENERAL REPORTED WOUNDED

Suffers 11 Wounds—All Staff Officers Killed or Wounded

Only Three of Commanders Fifty Horsemen Escorted Remained Alive One Lieutenant Survives of Three Regiments—Events of Retreat.

Rome, Nov. 2.—Describing the events of the Italian retreat on Oct. 27 and later a correspondent of The Associated Press says General Gonzaga was transported to Udine, suffering from eleven wounds. All his staff officers were killed or wounded, and only three of his fifty horsemen escort remained alive. General Basiglio, with his Bersaglieri, stood on Matajur, the new Thermopylae of the Austrian offensive, commanding the line from Caporetto to Cividale, fighting without hope, but also without the idea of surrender. Of three regiments of Bersaglieri only one lieutenant remained alive and he was wounded.

The correspondent describing the exodus of the fugitives says they comprised people of all classes—in automobiles, in vehicles of all epochs and oxen drawn carts. Some persons transported their belongings in hand carts while others carried them. There were women with half naked children in their arms and others crying or beating their breast because they had lost their children in the confusion.

There were wounded and there were aged or sick being carried by relatives. Some of the carts bore all the humble furniture of a household. Here and there a donkey or mule passed loaded with all the kitchen utensils of the family. The girls of some families carried with the greatest of care their shoes in baskets, tramping along in the wooden clogs that are worn in these parts. Here was to be seen a man running away in full evening dress; there a woman in evening toilette wearing white evening slippers.

## Heavy Rain Adds to Miseries

A heavy rain added to the miseries of the refugees. Foot passengers made quicker progress than those in motor cars, as the latter about every ten yards were forced to stop for half an hour owing to the crush.

After six long, weary hours the band of refugees with whom the correspondent was proceeding had made only six miles in rain and a strong cold wind which chilled everyone to the marrow.

Many persons carried pets with them. Dogs and even cats frequently were seen, and a soldier was observed who with great difficulty was keeping his cloak about him sheltering a tiny puppy. Some women in ox carts had geese and other fowl with them.

At Bianco a small village before Cordoglio there was a score of enemy airplanes circling about the fugitives. From a small church a group of young girls in white dresses came out, having just made their first communion. Crossing the Tagliamento river the fugitives reached Pordenone where there was nothing to eat and nowhere to sleep until a stable boy took the correspondent and some of the fugitives to his house, which was three miles from the town. Next morning, only black coffee was to be had. No bread or eggs, and still less butter could be purchased. After a long search some small tablets of chocolate were discovered for which the party paid 75 cents for each little packet, and a half dozen biscuits at 25 cents each.

## INTEREST IN CONGRESSIONAL ELECTIONS

Washington, D. C., Nov. 2.—Three new congressmen will be sent to Washington as a result of special elections to be held next Tuesday. To maintain their present numerical standing in the house it will be necessary for the Republicans to elect their candidates in all three districts, as each district chose a Republican at the last election. The twenty-eighth district of Pennsylvania will elect a representative to fill the vacancy caused by the forced resignation of Orrin D. Bleakley. In the fifth Connecticut district a successor will be chosen to the late Representative Ebenezer J. Hill. In the sixth Massachusetts district a special election has been called to choose a successor to Augustus P. Gardner, who has resigned his seat to enter military service.

## MANY SIGN PLEDGE CARDS

Washington, Nov. 2.—Signing of more than 632,000 pledge cards during the day was reported to the food administration tonight by voluntary workers thruout the country who are enlisting housewives for food conservation. This brought the total for the week to 4,641,190.

## BRITISH IMPROVE POSITION

London, Nov. 2.—In minor operations yesterday evening the British slightly improved their positions south and west of Passchendaele and southeast of Doullapelle, the war office announced. Prisoners were taken.

## KERENSKY TELLS HOW AMERICA MAY HELP

Russia Needs Money, Leather and Iron from This Country

Government Willing to Grant Further Requests for Credits—Munitions, and Iron Railway Equipment Needed at Once.

Washington, Nov. 2.—Premier Kerensky's statement that America's most effective help to Russia would be the sending of money was regarded here as possibly forecasting formal request for the transportation of gold to Russia, but it was thought more likely that what the premier had in mind was the establishment of credits here to be expended in the purchase of supplies to be shipped to Russia.

"Have her send boots," the premier was quoted as saying in response to a question as to how America could help her best, "leather, iron and," (with emphasis) "money."

The sending of actual money out of the country to any of the allies would be opposed to the American government's policy which aims at conservation of the huge store of gold piled up since the war started. American gold, officials asserted today, can do Russia more good if it remains in this country.

The American government apparently is entirely willing to grant further requests for credits. It has granted Russia's requests with alacrity in the past and Secretary McAdoo has announced repeatedly that the treasury would place money wherever it would be most effective in fighting Germany.

Formal transfer today to Russian account of \$31,700,000 from the treasury to the federal reserve bank of New York brought the total Russia has withdrawn up to \$190,900,000.

There still remains available for Russian expenditures of munitions, leather, iron railway equipment and other needed commodities \$134,100,000 without the authorization of another credit.

## FIRST FIGHTING AIRPLANE SUCCESS

WASHINGTON, Nov. 2.—The first fighting airplane, wholly made in America of American materials, has taken the air in successful test flights. In making this fact known today officials of the air craft production board said few changes in the design of either the place of the "liberty motor", are believed necessary and that production in quantity of the fighting machines soon will be in progress in many factories. By the first of the new year, it is expected that the air craft program will be well under way and by July 1, the government expects to be able to supply any demands of its allies. Machines which United States forces in Europe will need when spring comes are being built abroad.

American engineers expect that the aircraft program can be made whatever the allies require. Originally the figures were set at 5,000 motors and 22,000 planes by July 1.

## INVESTIGATING BAND OF WHITE SLAVERS

NEW YORK, Nov. 2.—A grand jury investigation it was announced today will be made of the operations of an organized band of 26 men and 150 women engaged in "white slavery" in this city. Morris Wallack, 24 years old, a salesman, pleaded guilty today to violation of a law forbidding this traffic and was remanded to the Tombs for sentencing after the grand jury has held its inquiry. It was thru the arrest of Wallack that disclosures have been brought about. Young girls arriving at railroad stations here are alleged to have been made victims.

## WISCONSIN TEACHERS IN ANNUAL CONVENTION

MILWAUKEE, Wis., Nov. 2.—The annual convention of the Wisconsin Teachers Association began today and will last until Saturday noon. Several thousand delegates are attending.

The principal address of the convention will be that of Miss Jeanette Rankin of Montana, America's first and only congresswoman, who will speak Friday night on "woman and the new democracy." Food conservation, war service in the schools and other patriotic work will be the chief topics of discussion during the convention.

## U. S. WILL RECEIVE GERMAN PRODUCTS

WASHINGTON, Nov. 2.—Approximately \$4,000,000 worth of German products piled up on the wharves of Rotterdam will be permitted to move to America. The state department has secured from the British foreign office permission to ship merchandise consigned to American importers and paid for prior to the entrance of the United States into the war.

## STRIKERS RETURN TO WORK

San Francisco, Cal., Nov. 2.—Telephone orders were dispatched tonight along the Pacific coast by the district council of the International Brotherhood of Electrical Workers, ordering all members on strike to return to work pending the efforts of Verner Z. Reed, federal mediator to effect a settlement with the Pacific Telephone & Telegraph Co.

## ADMIRAL HARMON DYIES

Washington, Nov. 2.—Rear Admiral David B. Harmon, U. S. N., retired, died today at his home in this city at the age of 85. He served with distinction as a naval officer during the Civil war and later headed various bureaus of the navy department.

## Telegraph Notes

COPENHAGEN, Nov. 2.—Count George F. von Hertling has been appointed imperial German chancellor. This is announced in an official statement received here from Berlin.

DAVENPORT, Ia., Nov. 2.—William Cochran, an ex-alderman of Rock Island, Ill., was accidentally killed today at the Rock Island government arsenal where he was employed.

EDINBURGH, Nov. 2.—Walter Hines, Page, American ambassador to Great Britain today secured the freedom of the city. The ceremony was held in the Guild Hall and later Ambassador Page was entertained at luncheon in the city chambers.

CHICAGO, Nov. 2.—A direct appeal by Harry W. Wheeler, state food administrator for milk at \$3.22 made to 59 directors of the Milk Producers' association tonight ended the fight between producers and distributors and assured Chicago of 12 cent milk for November and December.

BLOOMINGTON, Ill., Nov. 2.—Dr. Edgar DeWitt Jones, pastor of the First Christian Church of this city and president of the International Convention of Disciples of Christ, announced today that he had declined a call to become pastor of the First Christian Church of Los Angeles, Cal.

## SOLDIERS CELEBRATE ALL SOULS DAY

WITH THE AMERICAN ARMY IN France, Nov. 2.—(By The Associated Press.)—This is All Souls Day which in France corresponds to Memorial Day in the United States. The soldiers are participating in various impressive ceremonies in memory of the dead soldiers of France. In some towns where Americans alone are billeted they decorated the graves of fallen soldiers.

The drivers of motor torries carrying supplies to the American sector yesterday deposited flowers at the roadside graves of Frenchmen who were buried where they fell in the earlier days of the war. An army chaplain conducted a memorial mass today in the historic hillside church near the birthplace of Joan of Arc.

## STRIKE SITUATION STILL UNCHANGED

HOUSTON, Texas, Nov. 2.—The strike situation tonight is unchanged. Soldiers in federal service are guarding property thruout the gulf coast fields of Texas and Louisiana where several thousand men are below the soldiers came from the 19th, 131st and 132nd regiments of infantry and moved into the oil fields late today.

The oil from the Gulf Coast fields is sent thru pipe lines to the big refineries at Beaumont and Port Arthur, where it is being manufactured into oils and greases for the use of the allied navies.

In nearly everyone of the oil fields there are many large storage tanks filled with crude oil.

## MEXICAN WOMAN ACCIDENTALLY SHOT

JUAREZ, Nov. 2.—An official protest against the alleged shooting of a Mexican woman, the wife of a laborer at Ford on the Rio Grande below the international bridge early Thursday morning by the American soldiers has been made to Mexico City.

El Paso, Texas, Nov. 2.—American sentries fired on a band of six men seen crossing the river early Thursday morning from El Paso to Juarez. They were called on to halt but continued to the Mexican side and returned the fire. It was said here tonight that if a woman had been killed she had been struck by stray bullets.

## MANUFACTURES UNDER CONTROL OF UNCLE SAM

WASHINGTON, Nov. 2.—License restrictions today were imposed on the nation's manufacturers as distributors of staple food commodities in an effort by the food administration to regulate the war time supply and eliminate profiteering abuses.

More than 100,000 dealers, including producers, importers, middlemen and the larger retailers are now under federal regulation with drastic penalties provided for speculation, hoarding and excessive profits. Although retailers going a business of less than \$100,000 annually are not included in the licensed class, they will be required to conform with the directions of the food law.

## CONTINUE PREPARATIONS

Petrograd, Nov. 2.—The Maximalists continue preparations for a demonstration believed to be set for Nov. 4. It is rumored they intend to take armed action to seize the supreme power. Even Maximalist newspapers condemn the proposed demonstration and the government is receiving offers of help from all quarters and will prevent the proceedings by force if necessary.

## GREAT NAVAL TRAINING STATE TEAM TO IOWA

Chicago, Nov. 2.—Great Lakes Naval Training Station football team will leave here at 1 o'clock in the morning for Iowa City where it will meet the Iowa City eleven tomorrow afternoon.

## ZEPS LEAVE FOR FRONT

Geneva, Switzerland, Nov. 2.—The newspaper La Suisse's Lake Constant correspondent says a fleet of Zeppelin airships left there Wednesday for the Trentino front of the Austro-Italian theatre.

## PREPARE TO ENTRENCH ON THE TAGLIAMENTO

Germans Taking Every Advantage of Success Against Italians

Swiss Soldiers Report Number of Troop Trains Going in Direction of Trent Have Been Doubled.

Geneva, Switzerland, Nov. 2.—The Swiss soldiers stationed on the Alpine heights on the frontier in the Canton of Grisons report that since the Germans captured Udine, the number of troops trains going in the direction of Trent has been doubled. The Swiss troops say that when the heavy artillery trains are passing the Germans make smoke curtains at exposed points to prevent the number of guns being ascertained by onlookers.

The Swiss soldiers declare there is every evidence that the Germans are surprised by their success against the Italians, but intend to take advantage of the situation and are preparing to entrench on the Tagliamento, as they did on the Marne, in the event of a failure in their forward movement.

## Confident of Ability.

London, Nov. 2.—James Ian McPherson, parliamentary secretary to war office in a written reply to certain newspapers today declared that no doubt had been expressed by General Cadorna or the Italian government to the British general staff of the Italians ability to meet the Austro-German attack which they knew was about to be made against them. No request was received from Italy for help before the attack took place the secretary added.

## A Rebirth of Patriotism

Rome, Thursday, Nov. 1.—Italy is undergoing a rebirth of patriotism. Everywhere men are clamoring to go to the front. Even the Garibaldi veterans have marched in a body to offer their lives on their country's altar. Thousands of younger veterans of the present war interned in hospitals or invalided home, are insisting on returning to their commands.

The trouble makers who two weeks ago said they were tired of the war and who were willing to listen to German agents, now either are in hiding or are hastening to admit that they were misled.

The new ministry is busy organizing the country on a better basis and seeing that the army's needs are met. The fact that King Victor Emmanuel has returned to the army shows how confident he is in the spirit of the country since he always remains in Rome during critical political periods.

The entire country today is placarded with announcements from the ministry calling on citizens for aid in asking women to help support the morale of the soldiers.

## CHICAGO WOMAN GUILTY OF MURDER

CHICAGO, Nov. 2.—For the first time in many years a jury in this city has returned a verdict of guilty in the case of a woman charged with the murder of her husband. The defendant in this case is a negro, Mrs. Della Sterritt, who killed William Sterritt last July.

The verdict was returned today and a sentence of fourteen years imposed. Assistant State's Attorney Hayden D. Bell said in addressing the jury: "Gentlemen, are you going to join the army of boob ex-jurors who have acquitted women for murdering their husbands, altho they were absolutely guilty? This woman is guilty and there is no doubt about it."

The City of Washington is now  
"dry" territory. Our congressmen  
may console themselves with the  
thought that only the very rich can  
afford to get on a "jag." A fair  
article of whisky now costs from  
\$3.00 to \$3.50 per quart. Per drink  
it costs 25 to 35 cents. Of course  
a poor grade of booze can be bought  
for \$2.00 per quart, but of course  
a senator would not buy that grade  
of poison.

## CUT NO GREAT FIGURE.

The new party formed in Chicago,  
which combines Prohibitionists, Pro-  
gressives, Independents, Social  
Democrats (whatever they may be)  
and Single Taxers, has too many  
strings to its bow, says the Philadel-  
phia Record. Political parties can-  
not be manufactured like suits of  
clothes. There must be some in-  
spiring principle that holds them to-  
gether, and this does not appear in  
the Chicago organization. It will  
probably cut no great figure in 1920.

## THREE IMPORTANT SUBJECTS.

Plans are being perfected for  
three state wide referendum cam-  
paigns for the fall election of 1918.  
In November next year the people  
will be asked to voice their opinion  
upon the constitutional convention  
proposition, the law providing for  
state supervision of all banks not  
organized under federal regulation  
and the \$60,000,000 bond issue for  
a system of good roads.

Men in the forties and upward are  
coming into their own. It is even  
rumored that a man of 45 has been  
given a job as an automobile sales-  
man in New York. When one con-  
siders the settled predilection of the  
automobile trade for young and  
dashing salesmen modeled after the  
fashion illustrations, one can appre-  
ciate how great is the revolution be-  
ing wrought by the selective draft.  
It is said that among traveling sales-  
men of this city, one of the oldest  
in years, earns the highest salary.

## IOWA MORATORIUM.

The moratorium law, which pro-  
tects soldiers from prosecution for  
debt, has been upheld in the first  
test in the state since the Thirty-  
seventh general assembly placed the  
statute on the books. In his ruling  
the court cited the statute that all

such cases against men in the army  
or navy are subject to postponement  
until six months after the war ends,  
until they are discharged, or until  
their death.

## WILL THEY EVER CHANGE.

A witness in riot cases in East  
St. Louis spoke the truth when, in  
his testimony before the committee,  
he stated: "The deplorable social  
and moral conditions in East St.  
Louis have been due to politics. No  
question of any sort comes up in  
East St. Louis without soon getting  
into politics. If one-tenth of the  
energy devoted to politics were given  
to civic betterment, East St. Louis  
would be a different place." It is  
certain East St. Louis will never be  
reformed until better, stronger men  
are elected as city officials, whether  
they call them aldermen or commis-  
sioners.

## FROM DISASTER EXPECTS GOOD.

The British prime minister is  
credited with saying that the blow  
of invasion "had served to unite all  
Italians in defense of their native  
land and in the common cause of  
civilization based upon liberty."  
"It is a source of real satisfaction,"  
he says, "that the friendship of the  
Italian and British nation is about  
to be cemented by co-operation of  
their armies, together with those of  
the gallant French, on the same  
battlefield. I am confident the allies  
will stem the enemy advance in due  
course. The backroll is coming."

It is said that some eating places  
seem slow in obeying the order of  
the government regarding meatless  
and wheatless days. They assume  
that only fresh meat is intended,  
it is said to be an order, not a re-  
quest, and to mean literally what it  
says, "meatless." The government  
expects that it will be honored and  
obeyed. It is in the interests of the  
conservation of supplies. It is not-  
iced that the refusal to obey the order  
by the eating places in one city has  
brought it into government attention  
and they are now subjected to sur-  
veillance. When the government  
speaks at a time of crisis it is best  
to obey willingly and immediately  
and to put oneself into the ranks  
of those that show their readiness  
to assist the government in every  
way that they can.

## SIX PROPOSALS.

The American Defense Association  
has announced a platform intended  
to solidify the nation in the pro-  
secution of the war and to a definite  
victory. The proposals advocated by  
the Society are:  
That the administration at Wash-  
ington be urged to send an over-  
whelming force to France.  
To intern alien enemies and enemy  
sympathizers whose conduct imperils  
or impedes the war.  
To warn Germany that departures  
by her from the rules of war will  
not be endured.  
To forbid the publication of news-  
papers and magazines in the Ger-  
man language during the war.  
That Congress be asked at its  
next session to declare that a state  
of war exists with Austria, Bulgaria  
and Turkey; to expel any disloyal  
members and to enact a law pro-  
hibiting the issuance of new securi-  
ties except by Federal license.

It is recommended to "various  
authorities" that they forbid the  
compulsory study of German in the  
public schools.  
**"HERE WE ARE."**  
At the tomb of Lafayette in France  
recently, a number of French not-  
ables had gathered, and as General  
Pershing arrived at the tomb, they  
turned to him and stood in silence.  
Gen. Pershing had not intended to  
speak, but seeing that he was ex-  
pected to say something, he doffed  
his hat and in four words, two of  
which were in French, he uttered  
one of those brief tremendously  
vivid sayings, so apt, so full of mean-  
ing and sentiment they are never  
forgotten: "Well, Lafayette, nous  
voilà!" "Well, Lafayette, here we  
are!"  
More than a century ago, when  
our revolutionary leaders were in  
deep stress and it seemed the strug-  
gle for liberty would be lost, Lafa-  
yette and later the gallant French  
army came to help us win, says the  
Kansas City Star. All the years  
since then we have owed France the  
debt. Now, when France stands with  
her back to the wall, Gen. Pershing,  
with the first American army in  
France, uncovers at the grave of  
Lafayette and says:  
"Well, Lafayette, here we are!"  
It is a phrase that will last long  
with Gen. Sherman's message sig-  
naled from Keesaw mountain to  
Gen. Corse, "Hold the fort! I am  
coming!" It will live with Marshal

MacMahon's message at Sebastopol  
in the great Crimean war, "Here I  
am! Here I stay," and the duke of  
Wellington's saying at Waterloo,  
"Hard pounding, this, gentlemen;  
let's see who will pound the long-  
est."

## WET CORN.

Complaints of "soft" corn are not  
confined to Morgan county, and  
there is much speculation as to its  
market value. Samples of Macon  
county corn tested by an inspector  
for moisture show a range from 24  
to 38 per cent. "The samples," said  
the inspector, "were taken from  
wagon load lots. From one wagon  
load I picked three ears; one I  
thought was dry, another was just  
as medium and one was heavily  
wet. The wet one tested 34 per cent  
moisture and the other two 28 per  
cent each. These were yellow corn  
samples and as a rule yellow corn  
matures earlier than does the white  
corn. The moisture content in all  
of the corn that I have seen has  
been so heavy that the best that  
could be said for it that it was  
"sample corn"—without grade."

Under the rules of inspection, No.  
2 corn is allowed 15 per cent mois-  
ture content; No. 3 corn, 17.5 per  
cent; No. 4 corn, 19.5 per cent; No.  
5 corn, 21.5 per cent, and No. 6  
corn, 23 per cent. Beyond that corn  
is bought and sold only by sample  
shown.

A COUNTY ADVISOR  
AND CORN YIELD.

More than five years ago De Kalb  
county, Illinois, secured W. G.  
Eckhardt as farm advisor. Henry  
county which adjoins De Kalb has  
no advisor. De Kalb was the first  
county in Illinois to engage an ad-  
visor. It has a good organization of  
farmers and landowners and as good  
an advisor as any in the United  
States.

According to the crop statistics  
published by the State, the acre-  
yield of corn in De Kalb county has  
increased nearly nine bushels and  
that of Henry county has decreased  
three bushels. The seasons and soil  
of De Kalb are no better than those  
of adjoining Henry. The farmers of  
Henry county have been looking  
across the line into De Kalb and  
have concluded that an advisor pays  
and have just organized to secure one.

Morgan county plants 130,000  
acres in corn. An increase in the  
acre-yield of one bushel would be  
worth at present prices \$130,000.00.  
A farm advisor will cost the farmer  
of the county \$320.00 annually. An  
increase in the acre yield of corn  
of one bushel would be worth at present  
prices \$320,000.00 to Morgan county farmers.  
A farm advisor will cost the  
farmers of the county \$320.00 an-  
nually.

Dr. W. E. Taylor, soil and farm  
expert, who has so often visited and  
addressed Morgan county farmers  
says that a good farm advisor re-  
turns a dollar for every cent he  
costs. The corn yield in De Kalb  
county indicates that Dr. Taylor's  
estimate of the value of a good ad-  
visor is too low.

## WHY THINGS ARE SCARCER.

(Christian Science Monitor.)  
There is no "famine" or sign of  
"famine" or excuse for anticipat-  
ing or talking about "famine" of  
any kind, in the United States. The  
country is a land of plenty, and it  
should be grateful for its blessings  
to listen to those who proclaim  
"shortages" of supply in their ef-  
forts to hide or excuse economic  
blundering or wrong intentions. If  
the products of the soil, the mines,  
and the forests were conserved and  
distributed as they should be, there  
would be no need, in the United  
States today, for food or fuel or  
missions. Products are scarce and  
high either because they are corner-  
ed or hoarded, as cotton and sugar  
were recently found to be, or be-  
cause they are excluded from the  
natural channels of trade and from  
the markets by a wholly inadequate  
distribution system.

Let us pass over the 1,000,000  
bales of cotton found hidden, the  
other day, while a cotton "famine"  
was being proclaimed, and the  
10,000,000 pounds of sugar found to  
have been concealed while a  
sugar "famine" was being heralded  
against the public, and see economic  
shortcomings for which the public  
must, whether it will or not, take  
its share of responsibility.

Never were greater quantities of  
potatoes grown in the United States  
than were produced this year. Yet  
there was a potato "famine" in cer-  
tain parts of the East last week,  
which, however, in response to the  
indignant demands of consumers,  
was "relieved" by the timely ar-  
rival of several railroads.

There has been a sugar "famine"  
in the country recently. Housewives  
have, as a rule, been unable to pur-  
chase this commodity for some time,  
save from hand to mouth. Many con-  
sumers of sugar have been on the  
verge of a panic. They have been  
told that the supply was practically  
exhausted, and that, unless "relief"  
should come from abroad, or from  
Cuba, or Hawaii, it would give out  
completely. Now it is learned that  
200,000,000 pounds of Louisiana  
cane sugar was contracted for on  
Wednesday, and that this immense  
purchase will begin moving within  
a week to "relieve" the sugar "fame-  
line" in the Eastern States.

Recently the price of eggs, in  
New York and in other cities, has  
been shooting up to midwinter alti-  
tudes, because of their scarcity. On  
Wednesday, six carloads arrived in  
New York just in time to avert a  
threatened "famine" in this com-  
modity. And so it goes, all along  
the line. There is always, in these  
late days, "threatened scarcity," and  
"threatened famine" in food-stuffs,  
but the time has very seldom been  
known, since these fashions set in,  
when anything needed could not be  
bought by those who could and  
would pay the price.

There are minor and incidental  
causes, of course, for "scarcities"  
and "famines" in the most fertile  
and productive agricultural country  
in the world, but the one principal  
reason for them is the failure of  
the nations distributing system to  
bring products expeditiously and  
cheaply to consumers. There is  
plenty of grain and meat; there are  
plenty of vegetables; there are  
plenty of sugar-yielding plants;  
there are plenty of eggs; there is  
plenty of butter and milk; there is  
plenty of everything; but it is  
neither regularly, expeditiously,  
nor evenly distributed.

The distribution system which the  
United States puts up with, be-  
sides failing utterly to keep the  
prices of food-stuffs at anything  
bordering on a common level, or at  
anything like a reasonable standard  
affords constant temptation and in-  
ducements to the speculator, the  
manipulator, and the monopolist.

It would pay the United States to  
invest a billion dollars in the estab-  
lishment of a distribution system  
that would effectually distribute. It  
would pay the United States Gov-  
ernment to give the railroads of the  
country a billion dollars, on a guar-  
antee that they would furnish such a  
system.

LITTLE Sidelights ON  
THE BIG WAR.

The war is now costing the belligerent nations \$6,500,000 an hour.  
Denmark is suffering from an  
enormous increase of taxes as the re-  
sult of the war.

London has supplied steel hel-  
mets to the special constables on  
duty during the air raids.

Fireworks, fire balloons, etc.,  
have been prohibited in England  
since the commencement of the war.  
The "boiled" shirt and the glazed  
collar are now rarities in England,  
owing to the Government ban on  
starch.

Blue is worn by the wounded sol-  
diers, and by nurses, because, ac-  
cording to the scientists, blue is a  
"healing" color.

Great Britain assumed the entire  
railway control of the United King-  
dom within ten hours after issuing  
the first declaration of war.

The National Bible Society of  
Scotland has distributed four mil-  
lion copies of the Scriptures among  
the soldiers of the British and  
allied armies.

No fewer than ten thousand  
French, English and Belgian women  
carpenters are now engaged in the  
work of building huts for the sol-  
diers on the Western front.

The German forces since the  
commencement of the war have  
usually been divided between the  
two fronts in the proportion of two  
men on the Western front to one  
on the Eastern.

"Zooming" means, in the language  
of the military aviator, just lifting  
the nose of the machine to surmount  
obstacles such as trees, and then  
immediately dropping again when they  
are passed.

Simultaneously with the out-  
break of the war, the Kaiser's  
special train was adapted to war-  
time traveling. The cars are well  
all armored and the locomotive is  
designed to withstand even bomb  
and shell attacks.

A barrel of German red dye,  
hidden away in a stock room of a  
paper company in Lincoln, N. H.,  
since its purchase three years ago  
for \$89, while war conditions  
boosted its value, has been sold to  
New York concern for \$5,000.

To aid in the conservation of the  
country's meat supply Texas poult-  
ry raisers have decided that the  
killing and dressing of turkeys and  
the holiday trade this year shall be  
postponed later than usual, so that  
the turkeys may attain full growth.  
The Kaiser has no settled head-  
quarters. Since the outbreak of the  
war he has kept continually on the  
move, rarely staying more than a  
week at any place, and often only a  
day. But the place wherever he may  
chance to be is the official German  
headquarters.

## Trying to Sleep.

There ought to be some sort of  
law, forbidding noises rank and raw,  
at night, when people would repose,  
and do some snoring through the  
nose. At 10 o'clock I soak my head  
all straightway, to get off to bed,  
and hope to give my life new zest  
by having one good slice of rest. An  
old gray cat prowls round my shack  
and splits the welkin up the back.  
Joy riders scoot along the street and  
raise pink thunder and repeat. A  
young man with a cheap guitar  
comes singing where the damsels  
are, and their abode is just next  
door—how can a weary mortal  
snore? The milkman's wagon jolts  
along; the milkman smites his  
brazen gong, and makes the night a  
discord here, while selling cow  
juice by the three and four and  
lets out a wail; there's tinware fas-  
tened to its tail, and like a shot I  
hear it scorch beneath my open  
sleeping porch. All through the night  
the uproar goes; one must be dead  
to find repose, and when at dawn I  
leave my couch, I have a large and  
lasting grouch, my head is sore be-  
neath my tile, and I forget to sing  
and smile.

## WOMAN'S COLLEGE NOTES

The Hallow'en party this year at  
the college was held on Monday  
night and was the most successful  
that has ever been given. The enter-  
tainment was held in the new gym-  
nasium on the main floor and stage.  
The decorations were most artistic.  
The College Specials had the affair  
in charge, and to them is due the  
credit for the success of the even-  
ing's entertainment.

The students and faculty of the  
college are loyally supporting the  
food administration in the effort to  
conserve food of all kinds. By vote  
of the faculty the college is now hav-  
ing its meatless and its wheatless  
days each week. A great many of  
the students have given up the pur-  
chasing of the common luxuries.

Miss Lavina Jones of the Depart-  
ment of Expression gave a reading  
at the Franklin school recently. Her  
subject was, "Without the Aid of the  
Ladies Aid."

The Dramatic Club had a try-out  
on Wednesday, October 24th.  
Quite a large number appeared for  
membership in this organization.  
Judging from the enthusiasm and in-  
terest taken in the try-out some  
very good work is anticipated in the  
second try-out which is to follow  
shortly.

The first expression studio recital  
was held Friday in Expression Hall.  
Although all of the department stu-  
dents were present, it was to a large  
and enthusiastic audience that seven  
of the girls read. Refreshments were  
served and all are looking forward  
to the second studio recital to be held  
next week.

REGISTRATION WORK AT  
STATE INSTITUTIONS.

The work of registration at the  
various state institutions and hospi-  
tals and schools is being done sepa-  
rately from the regular registration  
work. The work is already under  
way and in some instances is prac-  
tically completed. At the lecture at  
the Public Library Friday afternoon  
a large number of women from the  
country were in attendance. The af-  
fair was in the form of a question  
box and much benefit was derived  
from the meeting.

At Jacksonville State hospital the  
registration is in charge of Mrs.  
Lillian I. Danskin. Passavant hos-  
pital which was under the supervi-  
sion of Miss Kille Epler and Mrs.  
Leroy Potter is completed.

Illinois college registration is be-  
ing cared for by Miss Marian Capps  
and is well under way. The work  
at Brown's Business college is also  
under way. Miss Grace Alexander is  
looking after Our Savior's hospital  
and Rount college.

Miss Anna Bronson, Fannies Wood  
and Miss Lucy Barr are assigned to  
the Illinois School for the Deaf and  
the School for the Blind is being  
looked after by Miss Mary Wads-  
worth and Miss Marie Chambers.  
Capps Mills are under the supervi-  
sion of Dr. Grace Dewey and Miss  
Reda Desliva and others. Mrs.  
Cleon Bell, Miss Millicent Rowe and  
a number of resident teachers will  
have charge of the registration at  
Illinois Woman's College.

THE CONGREGATIONAL  
CHURCH BROTHERHOOD

Have a Fine Wild Duck Supper and  
Sing from Dr. Hanley and  
Singing from Mr. Fisher.

Last evening was a red letter date  
in the calendar of the Congregation-  
al church brotherhood, the fine suc-  
cess being due to two reasons; first  
a wild duck supper which was superb  
and second the presence of Dr. Han-  
ley and Mr. Fisher with his accom-  
paniment, Mr. Voyles. Dr. Duncan and  
Ebenzer Spink had enjoyed a suc-  
cessful hunt together and generously  
donated the results to the broth-  
erhood. Messrs. J. V. Bowen,  
Charles H. Smith and S. A. Fairbank  
were the caterers and the supper was  
choice and the cordial thanks of the  
order were tendered the donors of  
the fowls.

After supper Dr. Hanley was in-  
troduced and said in part:  
"I am thankful for this fine feast  
which I have much enjoyed. I feel  
that today men do not put thought  
and force enough into the church  
work. This church needs men. The  
church is not, as of old, conducted  
by fighting but by good fellowship.  
The church used to be narrow but  
it was a mistake. We need coopera-  
tion. I will remember a story that  
used to be told of a Methodist  
church singing 'With there be any  
stars in my crown' and a Baptist  
church across the way responded  
with the song 'No not one.'"

"Jacksonville is overchurched. If  
you had fewer churches and those  
better conducted the work would im-  
prove. There may be a difference  
regarding doctrines but we should  
all stand together. Jacksonville is  
a delightful place for a residence  
and I should like to live here and  
if all would wake up and get togeth-  
er in love, activity and harmony,  
what great things could be accom-  
plished. Some people would even  
like to see church members wear an  
emblem similar to those worn by  
members of secret orders. I have

no quarrel with secret societies for  
they have their place. There should  
be among church members a kind  
of fraternity such as exists between  
members of secret orders. The war  
is sapping the young manhood of  
the church and we must conserve  
all we have to keep the work go-  
ing."

"We bottle up our religion too  
much. It should be a common  
theme of conversation the same as  
other matters; we should live it;  
love it; practice it and show the  
world the great good there is in it.  
Religion should especially do three  
things for a man: make him a better  
father, a better citizen and a better  
churchman. The man who fits his  
niche and fits it well is the useful  
man."

Mr. Fisher sang two selections and  
the thanks of the brotherhood were  
tendered the three visitors, Hanley,  
Fisher and Voyles.

LYNNVILLE SCHOOLS  
HAVE NEW BUILDING

A Pleasant Visit Recently Enjoyed  
By A Journal Representative.

"Come and see our new building" was the kindly invitation tendered the writer by a director of the Lynnville school district and of course the request was gladly obeyed. For a good while the children of that district were rather indifferently housed and were not as comfortable as might have been but that is all remedied now for the new building recently erected stands in the south part of the place on an ample playground and fitted with all modern conveniences.

LYNNVILLE PRECINCT  
PERFECTS ORGANIZATION

Completes Organization for Army  
Y. M. C. A. Work—Carl H. Weber  
and W. W. Wright Made Address-  
es.

An enthusiastic meeting for the army Y. M. C. A. was held at the Lynnville M. E. church Friday evening. About one hundred residents of that community gathered at the church at 6:30 o'clock when a substantial supper was served by the ladies of the community. Among the after dinner speakers who delivered forceful addresses in behalf of this most worthy movement were Carl H. Weber and Attorney W. W. Wright of Jacksonville.

The Lynnville Precinct organization was then completed. Rev. R. L. Ragan was appointed chairman and Homer L. Ranson, lieutenant, at the meeting held in this city last Saturday. The following committee was appointed last night to cooperate with these officers: Charles Middleton, Frank Masters, Rev. Cronkite, Rev. J. O. Kirkpatrick, William Rawlings, Charles Gibbs, W. A. Davidson, Edward H. Ranson, and John Heaton.

This committee will meet at the Ayer's Bank Building this afternoon at three o'clock to discuss plans for the active campaign which is to begin within a short time. Secretary J. S. Findley and other speakers are expected to address the gathering of Lynnville men at the bank today.

I. W. C. STUDENTS  
AND ARMY Y. M. C. A.

Have Already Raised \$1,000 for  
Campaign Soon to Begin—Self  
Denial Brings Big Fund.

It became known last night that students of the Woman's college began weeks ago for their part in the campaign for army Y. M. C. A. funds. The faculty and students have joined both enthusiastically and self-denyingly in the movement, with the result that they have \$1,000 to pay toward the Morgan county allotment of \$14,000. After faculty and student representatives had attended a meeting in Chicago some weeks ago, where plans for the campaign were discussed, they became thoroughly enthused with the great project.

After their return the question of the Woman's college's part was immediately considered. The students were with one accord ready to do their part and they have raised the \$1,000 fund not by sending home to their parents for contributions but by practicing individual economies. Money that they expected to spend for personal pleasures and in some cases for clothing have been given to this fund. These young women have thus set a splendid example for the other young women of the community.

Returned from Convention  
Rev. and Mrs. Myron L. Pontius returned Thursday evening from Kansas City where they attended the sessions of the International convention of the Disciples of Christ. Fifteen thousand were present at communion services last Sunday morning and 5,000 were unable to gain admittance.

There were many interesting features in connection with the convention. Among other things was a cable bringing greetings from Lloyd George of England who is a member of the church in Scotland. Mrs. Barclay of Bethany, West Virginia, the only surviving daughter of Alexander Campbell, was present and was introduced to the convention. The lady is over 90 years of age and made the long trip from her home to be present at the sessions.

CHIEF JUSTICE WHITE  
AT 72ND MILESTONE

Washington, D. C., Nov. 2.—Edward Douglass White, chief justice of the supreme court of the United States, will be 72 years old tomorrow, and the occasion will be marked by the personal congratulations from his colleagues on the bench and the receipt of messages of greeting from various parts of the country.

Uncle Sam's highest judicial officer is a native of Louisiana and a veteran of the Confederate army. At the close of the war he took up the practice of law in New Orleans and several years later began his public career as a member of the Louisiana senate. In 1878 he was elected associate justice of the Louisiana supreme court. In 1891 he was sent to the United States senate, serving until February, 1894, when he was appointed by President Cleveland to the supreme court of the United States. In 1910, as the appointee of President Taft, Mr. White assumed his present post as chief justice of the highest tribunal.

## DR. O'SHEA IS NOTED WRITER

Dr. Michael O'Shea of the University of Wisconsin, who is to address the Woman's Club today, reached Jacksonville last night. A year ago Dr. O'Shea addressed the club and the members were so greatly interested that a great many of them asked for his return this year. Aside from his prominence in educational work, Dr. O'Shea finds a great deal of time for writing. He is author of several books and conducts important departments in at least two magazines. His theme today will be "New Times Brings New Problems."

Y. M. C. A. DOING MIGHTY  
WORK FOR SOLDIERS

F. H. SCOTT, PROMINENT CHICAGO BUSINESS MAN TELLS ABOUT IT.

One Hundred People as the Dinner  
Guests of Andrew Russell Heard  
What Organization is Doing Here  
and Overseas—Campaign for Big  
Fund Soon to Begin—Money not  
for the Y. M. C. A. but for Soldiers.

Accepting the invitation of Andrew Russell, a company of nearly 100 persons had dinner Friday night at the Peacock Inn. The invitation to be present stated that F. H. Scott of Chicago, would be one of the company and speak about the army Y. M. C. A. work. Following the service of an excellent dinner Mr. Russell after expressing his pleasure that so many persons were present, introduced Dr. C. H. Rammekamp as the chairman of the evening.

Dr. Rammekamp briefly summarized the work of the army Y. M. C. A. and gave some of the principal facts about the campaign soon to begin for fund of \$25,000,000. The quota for Illinois is \$3,000,000 and Morgan county's portion has been fixed at \$14,000. Dr. Rammekamp, Mr. Scott, who spoke at some length, and Mayor H. J. Rodgers, who gave additional information about the campaign, all emphasized the point that the fund which will be raised is not for the Y. M. C. A. but for the soldiers in the U. S. and overseas. The Y. M. C. A. organization simply being the instrument for carrying out the proposed plan of work.

Prominent Men in Work.  
It is a significant fact that some of the most prominent business men in Chicago are identified with this fund campaign and are devoting their time almost wholly to the work. Cyrus H. McCormick, James B. Forgan, George M. Reynolds and other Chicago business men of like prominence are identified with the movement. Mr. Scott, the principal speaker last night, ranks among Chicago's big business men, as he is a member of one of the largest wholesale and retail dry goods firms in the U. S.

At the conclusion of the addresses on motion of W. G. Goebel with a second by Dr. Bowe, a Jacksonville general campaign committee was appointed and the women present were authorized to name a committee of three to organize women for the campaign work. Dr. C. H. Rammekamp is chairman of the Jacksonville committee and J. S. Findley is secretary. The names of both the men and women in the committee are mentioned below. Before the company adjourned there had been formal expression of appreciation for Mr. Russell's generous hospitality and to Mr. Scott for his presence and address.

Buildings Described.  
It was in a heart to heart, very forceful way, without attempt at eloquence that Mr. Scott outlined the splendid work that the Y. M. C. A. is doing in the great war. He described in the beginning the army Y. M. C. A. building at Camp Grant and said that the buildings in the other camps in the U. S. and in Europe follow the same general plan. The purpose of the Y. M. C. A. is to provide in these buildings a place of recreation for the soldiers. In one room writing tables adequate for five or six hundred men are maintained and stationery is available without cost. Stamps and other supplies are sold to the men. In another room magazines, papers and books are available and in a general assembly room thousands can find seats and enjoy moving pictures and other entertainments which are given at least three times a week.

Six or seven secretaries in charge of various lines of work are located in each of these buildings. They live there and are on the job day and night. In addition to furnishing letter paper and envelopes the Y. M. C. A. secretaries perform services of many kinds and assist the soldiers in a dozen different ways. The purpose of these buildings is to furnish a place where the men can come for recreation and lounging at times when they are not otherwise engaged. Brief religious services are held at stated times but the emphasis is not laid on these services, the plan being instead to have a good influence over the men by reaching them in other ways and in protecting them from evil influences by the pleasant surroundings of the Y. M. C. A. buildings.

Coffee for Men in Trenches.  
Overseas it is still more important to have Y. M. C. A. buildings available for the soldiers. They are located a few miles in the rear of the trenches. As the men leave the trenches after a service of six days they must walk back a number of miles to their camps. The army Y. M. C. A. furnishes these returning men with coffee without charge and sells them sweet chocolate and other such supplies at cost. The army Y. M. C. A. secretaries are so located that they furnish this coffee for the men very soon after they have left the trenches and thus strengthen them for the tiresome journey back to the camp.

Mr. Scott related a conversation with a soldier who has seen much of trench warfare and who had spoken particularly of the splendid service given the soldiers fresh from the trenches by the Y. M. C. A. men. This soldier testified that to a man just out of the trenches, even if service, that a cup of hot coffee had the value of thousands of dollars. In England millions have already been expended in the army Y. M. C. A. work and after observing what the Y. M. C. A. meant to England and to the U. S., the French asked that the same sort of service be established for them. The call was answered by the national Y. M. C. A. committee and three or four hundred secretaries are in the work there. Then came a call from Rus-

### Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

### For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 35c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

### HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up. Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

### 10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Stomach Sour

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick sour, gassy stomach, bad cold, offensive breath, and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Adv.

### DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50

WILL NOT BLISTER

### KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound called olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

### FORMER RESIDENT DIES IN MISSOURI

Burial Held in Manchester—Other News of Interest from Manchester and Vicinity.

Manchester, Nov. 1. — Ransom Clark, son of Mr. and Mrs. E. C. Clark of Dexter, Mo., passed away at his home Saturday morning, Oct. 27, after an illness of only a few days' duration. The remains, accompanied by immediate relatives, arrived here Sunday afternoon and were taken to the home of the grandfather, F. F. Clark. Funeral services, conducted by the pastor, Rev. F. T. Peters, were held at the Methodist church Monday afternoon. Interment was made in Bower's cemetery. Besides the parents three brothers and two sisters survive: Lester, now in a training camp in Texas; Robert, a twin brother; Earl, Margaret and Elizabeth, all residing at home.

Mr. and Mrs. Clark and family are well known here, having once made their home in this vicinity.

Mrs. Nellie Jones of Portland, Ore., who has been the guest of her mother, Mrs. Margaret Wyatt, went to Jacksonville Wednesday to visit relatives.

Mrs. F. O. Van Tuyle, Mrs. W. C. Pearce and Mrs. C. R. Heaton spent Wednesday in Jacksonville.

Mrs. and Mrs. Oliver Rimbey and son Raymond of Jacksonville were Sunday guests at the home of Mr. and Mrs. J. H. Rimbey.

Mr. and Mrs. Guy Brown spent Sunday evening in Jacksonville.

Mr. and Mrs. Charles Woodall and son Russell spent Sunday at the home of Mrs. Lydia Frazer and family near Jerseyville.

### AN OLD TIME RAILROAD MAN.

Flavius McGhee of this city is in rather poor health, having trouble with his stomach which has kept him under the weather for some time past.

Mr. McGhee says he is the only survivor of the old Tonica & Petersburg railroad that connected a few places with this city in the early 1860's. The road first extended from Petersburg to Manchester and was extended gradually to White Hall and other points farther south until finally it grew at both ends till it touched Bloomington on the north and Godfrey on the south and was the St. L. J. & C. road when it was absorbed by the Chicago and Alton, the deal making a pretty sum for the holders of the stock of the smaller road.

Mr. McGhee began as brakeman for Mr. Bacon the first conductor, and the road was small enough, the one train a day being a mixed freight and passenger. Joel Baker was engineer, master mechanic and general utility. W. T. Beckman was the first president and John C. Andras was early identified with the enterprise. Mr. Bacon was promoted to the office and Mr. McGhee took his place and was with the road something like nine years and says he is now the only survivor of the force. For a time E. S. Greenleaf was superintendent and later on C. M. Morse had charge for some time.

**PUBLIC SALE**  
Wednesday, Nov. 7th, William Tarzwell will sell at his home in Buckhorn neighborhood 4 horses, 2 teams of mules, 8 steers, 3 heifers, 8 cows, 2 calves, 60 hogs, 10 gilts, 50 chickens, 160 bales wheat straw, also some hay and oats and a long list personal property including a host of implements.

John Hallimore helped represent Calhoun county in general and Jacksonville in particular in the city yesterday.

### IMPORTANT CONTESTS AT TUESDAY'S ELECTION

New York Mayoralty Contest of Public Interest—San Francisco to Try Out New Law.

Washington, Nov. 2.—Many political contests of importance are to be decided in the elections next Tuesday. In Massachusetts and Virginia a governor and other state officers are to be chosen; in New York, Pennsylvania, Maryland, Kentucky and one or two other States the voters will choose minor state officials. In Maryland and New Jersey the election of new legislatures will be of particular interest because of the possible effect on the prohibition issue. In New York Pennsylvania, Ohio, Utah, California and several other states municipal officers are to be selected, while in New York county a number of judges and a sheriff are to be voted for.

New York will vote on a constitutional amendment giving suffrage to women. State-wide prohibition and a proposal to extend presidential suffrage to women will be involved in referendum votes to be taken in Ohio. New Mexico will pass on a proposed constitutional amendment providing for State-wide prohibition.

Massachusetts voters will decide the fate of four proposed constitutional amendments, known as the absentee voting, anti-aid, public trading and education amendments. The absentee voting amendment would allow the legislature to provide the necessary machinery for absentee voting; the anti-aid amendment would withhold public aid from all institutions, sectarian or otherwise, not under public control; the public trading amendment would allow the legislature to authorize the buying and selling of necessities of life by the State and municipalities in time of emergency; and the education amendment would authorize the legislature to continue the State policy of exempting from taxation religious, charitable and educational institutions.

**Republican Party Midego**  
The legislative election in New Jersey is attracting attention because of the pledge of the Republican party that it will pass a local option measure at the next session if it gains control of the legislature.

In Massachusetts Governor Samuel W. McCall is the nominee of the Republicans for a third term. He is opposed by Frederick W. Mansfield as the Democratic standard-bearer. In Virginia the election of the entire Democratic ticket is predicted.

A special election will be held in the 5th district of Pennsylvania to fill the vacancy caused by the forced resignation of Orrin J. Bleakley in the 5th congressional district of Connecticut the voters will choose a successor to the late Representative Ebenezer J. Hill.

Of the municipal elections to be held in various parts of the county most public interest centers in the mayoralty contest in New York city. Mayor John P. Mitchell is a candidate for re-election on a fusion ticket and is opposed by Judge John F. Hylan, who has the backing of the Tammany forces; William M. Bennett, who was nominated in the Republican primaries, and Morris Hillquit, the choice of the Socialists.

In other cities of New York state and in several cities of Pennsylvania there are important contests for local offices. In all of the cities of Ohio, with the exception of Columbus and a few others that have charter forms of government, mayors are to be elected. In practically all of these cities Socialist candidates appear, and in Dayton and one or two other places some apprehension has been expressed over the possibility that the Socialists may gain control of municipal affairs.

San Francisco has abandoned the direct primary system and at next Tuesday's municipal election will try out the new preferential election law for the first time. Following a vigorous campaign, Wilmington, Del., will vote to decide whether it will remain "wet" or become "bone dry." East St. Louis, which recently loomed large in the public eye as the scene of bloody race riots, will take a vote on the adoption of the commission form of government.

### UNION BAPTIST CHURCH REVIVAL

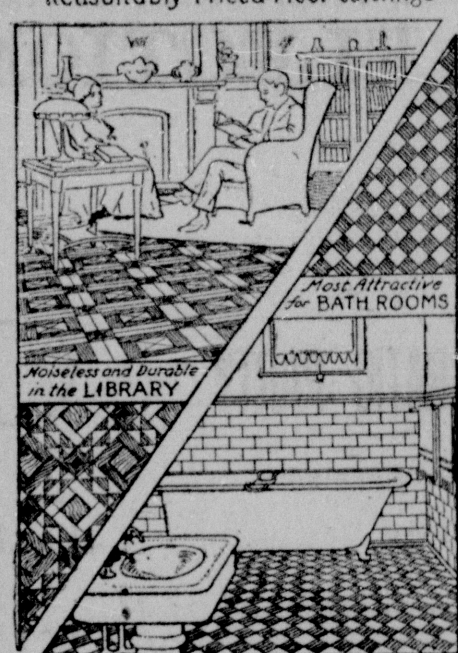

Revival services are being held at Union Baptist church near Pisgah with encouraging results. The pastor, Rev. F. M. Crabtree, is an earnest and forceful speaker and the meetings are attended with much interest. The music is in charge of Henry Bolton of Virden and he is an accomplished vocalist and plays the flute and violin most capably. Mrs. Ausmus is the pianist and the music is strictly first class. The meetings have been going on for some two weeks and will continue probably as long as the interest seems to warrant.

## Middle Aged Women

Are Here Told the Best Remedy  
for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GORDEN, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISILLA, Box 197, North Haven, Conn.

## COUNTY AGENT'S WORK BRINGS GOOD RESULTS

Last Years Success Has Resulted in Permanent Organization—Activities of Year Related.

The farmers of Woodford county, Illinois, organized a farm bureau and began active work with a county agent in January, 1916. They have been so well pleased that they are reorganizing their bureau and expect to secure five hundred members who will pay ten dollars each per year for five years. They have learned the great value of a good county agent and are going to put the work on a permanent basis with a largely increased number of active supporters. Of the 26 counties in Illinois which have county advisors, 15 have been in operation for more than three years and each of the fifteen has reorganized for another term of years, in several in several instances for five years and generally with a largely increased membership, even in those counties where the membership fee has been increased.

**County Advisor Keeps Busy**  
The county agent in Woodford county is a busy man. From Jan. 1, 1916 to September 1, 1917.

He made 679 farm visits, and consulted with 970 office callers.

He addressed 109 meetings attended by 4,780 people.

He attended 12 state meetings in the interest of his bureau.

He wrote 2,580 personal letters.

He sent out 18,600 circular letters.

He traveled 13,000 miles in the performance of his duties.

He took 250 people in an auto tour thru his county last May and showed them silos, alfalfa fields and different methods of soil and crop treatment.

He organized a cow testing association.

He arranged for a State soil survey for his county.

He demonstrated the principles of soil fertility and permanent agriculture and his progressive farmers are putting these principles into practice.

He purchased co-operatively about 1,100 bushels of clover and alfalfa seed, inspected it for purity and germination before delivery to his members and saved them about \$1,800.00 on these seeds alone.

He bought limestone and phosphate for his members and saved them about \$700.00 on these minerals.

He induced the farmers to treat their seed oats for smut and the membership believes that in this matter alone he has saved twice the cost of the bureau each year.

He has introduced better oat varieties.

He organized a Pure Bred Live Stock association and it published and distributed a forty-page sale list of stock owned and for sale by members, and.

Has accomplished so much for his members that they are now reorganizing for a five-year term.

**Reasons for the Bureau**

In a leaflet being sent the farmers of Woodford county the following reasons are given for maintaining the bureau:

1. It is the only county wide organization of farmers.

2. It is associated with other Farm Bureaus in an effective state organization known as the Illinois Agricultural Association.

3. It employs a Farm Adviser who occupies all his time working in the interests of the members. The farm adviser is a man of scientific training as well as of practical experience, who is at the service of the members to assist in solving their problems.

4. It arranges for the co-operative purchase of pure seeds, phosphate, limestone, etc., in large quantities at reduced prices.

5. It determines the causes for high and low yields of grains and grasses and for good and poor results with live stock and furnishes such information to its members.

6. It brings the members into close touch with the reliable information regarding soils, crops, stock and farm management which has been collected by state and national experiments and investigations and helps to apply such information to local conditions.

7. It holds demonstration meetings on the farms of its members and conducts tours to the state experiment station and elsewhere so that the members may see the results of various methods of farm practice.

8. It holds meetings where the members come together and discuss important subjects.

9. It assists the individual members to study the business side of their farming operations and enables some to improve their methods.

10. It is managed by officers who are practical, wide-awake farmers who are studying to make the business of farming more profitable.

11. It publishes a free monthly exchange list of live stock, seeds, and other farm products for sale by its members.

12. It sends a monthly letter to its members giving results of investigational work within the county and calling attention to timely information coming from other sources.

13. Membership in a Farm Bureau identifies a man as a progressive farmer.

## A PLEA TO FARMERS

Increasing Live Stock Production—  
The Best Market for Corn—A Survey of Illinois Statutes—State School Board Association.

### Illinois Statutes.

Springfield, Ill., Nov. 2.—A systematic survey of Illinois statutes, with a view to determining what changes are necessary to bring laws already passed into harmony with the new civil administrative code, and what new safeguards are necessary, is being undertaken by the Illinois Legislative Reference Bureau, under the direction of W. F. Dodd, secretary.

With Secretary Dodd, who was until his appointment by Gov. Lowden a professor of political science at the University of Chicago, are associated several young attorneys, each of whom is working out some specific problem.

The information gleaned from the study of Illinois laws, from the earliest days of the state, will prepare the legislative bureau, it is said, to be of large service in the event that a constitutional convention is authorized by popular vote in 1918.

Secretary Dodd has instituted a new system of directing his assistants. Every morning the young attorneys are called for a class room lecture or for a recitation on subjects which bear upon the general task.

Bibliographies, special articles upon particular periods of Illinois history, classification of law, data on inconsistencies of statutes and masses of other material are being compiled by the bureau to be available for the use of legislators, who are said to make a constant demand on the time of the bureau attaches even when the legislature is not in session.

With the inauguration of the new administrative code, the bureau is being asked many questions as to the rights and privileges of various departments which are not identical with old divisions of state government, many of which were abolished. One question recently asked came from a state charitable institution and sought information as to how much the institution was warranted in paying on the burial of deceased inmates.

### Do Not Rush to Market.

A plea to Illinois farmers and stock raisers to conserve stocks and herds and not rush them to market, because of the "unsettled" condition of prices, is contained in a letter sent broadcast by H. E. Young, secretary of the Illinois Farmer's Institute.

"The best market for the corn crop is thru live stock," declares Mr. Young. "Experienced live stock men know this, and will act accordingly. They will refuse to sacrifice immature animals and good breeding stock because of discouraging market tendencies and price fixing threats. They will not sell out because a neighbor exhibits a faint heart, but will continue feeding and breeding along sane lines."

"Farmers are called upon to increase live stock production at this critical time. The value of such service to the country cannot be computed in dollars. It is invaluable."

### History and the War.

A pamphlet by Prof. Everts B. Green, head of the history department of the University of Illinois, to aid teachers in presenting the issues of the great war, has just been distributed thruout the state.

The pamphlet deals with ancient, mediaeval and modern history and is intended to illuminate the present war and create interest in the American cause among students, especially those in high school.

### Joint Sessions.

Peoria, Ill., Nov. 2.—With some of their sessions held jointly, the Illinois State School Board Association and the City School Superintendent's Association of Illinois will meet here November 21 and 22.

Francis G. Blair, state superintendent of public instruction, has urged a large attendance, saying that the organizations have common problems which can best be considered by joint and open discussion.

Don't make the mistake of putting off buying that Ford car, but DO IT NOW.  
C. N. PRIEST, the Ford Man.

### LETTER FROM WILLIAM H. WRIGHT.

Mrs. Nora Wright has received a letter from her son William who is serving his country as orderly sergeant in Second Cavalry company, 316 F. M. P. Tacoma, Washington. He says:

"I am getting along fine and have been appointed first sergeant. The company consists of 250 men and they are not put in on their good looks or any pull. You have to show them the goods to get here. A caisson means a carrier on a two wheel cart which they load with ammunition to take where trucks can't go."

The shoes we have will last a lifetime. They are a size or two too large and so wide but your feet sure spread into them. The food is not great but healthy and plentiful."

Camp Lewis is located 17 miles from Tacoma and 35 miles from Seattle and consists of 70,000 acres of land and ideal for the purpose of a camp. There are 45,000 men drilling every day and 25,000 more are coming.

ILLINOIS COLLEGE HELD  
WESLEYAN TO TIE

Illinois Holds Wesleyan to 0 to 0 Tie  
"Jimmy" Barnes Makes 65  
Yard Run for a Touchdown after  
Interception of Forward Pass—Illinois  
Played Great Defensive Game  
—Wesleyan Compelled to Kick  
Many Times.

When "Jimmy" Barnes picked a Wesleyan forward pass over the air on Illinois field in the third period Friday afternoon and raced 65 yards for a touchdown he placed his name in the Illinois College football Hall of Fame. Had goal been kicked the victory would have been on the Illinois slate as Wesleyan managed to put the ball over in the fourth period and also failed to kick goal.

Never has a better exhibition of defensive football been seen on Illinois field than that shown by the Blue and White team yesterday afternoon. Time and again Illinois held Wesleyan and forced her to kick. This, in the face of the fact that the Wesleyan team outweighed Illinois many pounds to the man.

Expected Easy Victory.

In fact Wesleyan came down from Bloomington with a 40 to 0 victory in her head. Even after the first half the Wesleyan players were chiding each other and saying, "The trouble is they are too easy." Before the game ended, however, Wesleyan was playing to stave off defeat and there is no doubt but that Coach Muhl was tickled to death with the tie score.

We have seen Illinois teams from 1891 when Illinois played her first football, down to the present time. We have seen bad, good and indifferent teams but never have we seen a team that displayed a greater defense than did Illinois yesterday. After seeing the work of Illinois we have been wondering what "Red" Harmon would have done with material like Illinois has had in the past five years.

"Red" has instilled the fighting spirit into the men and in addition has taught them how to take care of themselves. They tackled in line form yesterday and when they hit a man he went down and stayed down. The men in carrying the ball, especially in the open were able to ward off tacklers with the precision of players of several years experience.

Wesleyan surely had the surprise of her young life Friday. All of the team saw Illinois play Normal at Normal last Saturday and came here expecting to score an easy victory. Were they disappointed. Well, we

should say YES, in capital letters. Illinois Displayed Good Team Work. It would be difficult to pick out stars on the Illinois team. Every man was in there fighting every minute of the time for the general good of the team. The line men performed in brilliant fashion against their heavier opponents and time and again compelled Wesleyan to kick in the back field Whisler, Barnes, Ferreira, Cully and Cox did yeoman service and kept their opponent busy all the time. Ferreira especially ran the team with good judgment and in the punting Illinois outclassed Wesleyan and nearly every exchange of punts resulted in a gain for Illinois. Illinois ends excellently Wesleyan's in offensive work. Time and again they got down the field and tackled the runner in his tracks, giving an exhibition of football that is seldom seen except in the big games.

Wesleyan fought with grim determination after the game had gone a few minutes. In that time the visitors realized they were up against a hard proposition. Despite their efforts they were compelled to kick time and again. They got away with a few forward passes but more often these were broken up. The best work for Wesleyan was done by Whitsell, Hurst, Lewis, Kummer and Strange.

How the Score Was Made. Illinois kicked off to Wesleyan at the beginning of the game and the ball was carried back to the 35 yard line. After two tries at the line Wesleyan was compelled to kick. The ball passed over several times during the first quarter. The second quarter was a repetition of the first the ball passing over frequently on downs. Illinois outplayed Wesleyan in this quarter and had the ball in the visitors territory most of the time. Toward the last of the second quarter Ferreira tried a drop kick from the 25 yard line. The pass was bad, however, and the attempt failed. The half closed with the ball in Wesleyan's possession in the center of the field.

Third Quarter. At the beginning of the third quarter Wesleyan kicked to Illinois and the ball was carried back to the center of the field. Illinois was forced to kick and it was Wesleyan's ball on the 35 yard line. Wesleyan fumbled and Illinois recovered the ball. Illinois tried the line and Wesleyan was penalized for offside. Illinois was compelled to kick and the Wesleyan runner was downed in his tracks. Wesleyan worked a forward pass for ten yards, making first down. Wesleyan tried another forward pass and Barnes intercepted the ball and ran 65 yards for a touchdown. Illinois failed to kick goal. Score Illinois 6, Wesleyan 0.

Fourth Quarter. No further scoring was done in the third quarter. At the beginning of the fourth quarter Wesleyan was fighting desperately. By a series of passes and line plays Wesleyan worked the ball down the field and was within striking distance of the goal when the ball was fumbled and Illinois recovered and immediately kicked out of danger.

However, Wesleyan was not to be denied and immediately opened up a bunch of forward passes, a number of which went thru. They soon got the ball inside Illinois' five yard line and finally pushed it over for a touchdown. Wesleyan failed to kick goal and the score was Illinois 6, Wesleyan 6. During the remainder of the game the ball passed over frequently on downs and punts. The ball was in Wesleyan's possession near the center of the field when the final whistle blew. The lineup:

Illinois: Curran, le; Duncanson, lt; Deigh, lg; Miller, c; Bronson, rg; Underwood, rt; Barnes, re; Ferreira, qb; Whisler, Capt. lh; Cox, rh; Cully, fb; Strange, lb.

FIRE ALARM FRIDAY

The fire department was called to the residence of Henry Day, 1079 North Diamond street at 12:10 o'clock Friday afternoon. Sparks from the chimney had started fire in the roof. The trunk made a quick run and the blaze was extinguished with the chemical. The damage probably will be about \$25. The department laid 1,000 feet of hose from the nearest hydrant but did not have to use it.

Don't make the mistake of putting off buying that Ford car, but DO IT NOW. C. N. PRIEST, the Ford Man.

LIBERTY BOND RECORD  
FIGURES IN REVIEW

ILLINOIS COUNTIES IN THIS DISTRICT MADE SPLENDID SHOWING

Subscriptions Total Three Times Greater Than for First Liberty Loan—Came Within Four Per Cent of Government's Maximum Allotment—Chairman Crabtree Tells of Fine Enthusiasm Shown by Bankers and People.

Altho figures have not been given the final checking, a statement made yesterday by E. E. Crabtree shows that the forty-four counties of Illinois included in the \$10,000,000 federal reserve district subscribed to bonds to the total of \$23,066,100. At the beginning of the campaign it was announced that the minimum allotment for the forty-four counties of the state was \$14,438,500 and the target or maximum allotment \$24,058,000. So the report for the district shows that the forty-four Illinois counties subscribed almost 96 per cent of the target allotment.

This very remarkable record is to be credited to the bankers in the counties who were active in their leadership and to the people who were so patriotically generous in their subscriptions. In a very few instances bankers were not willing to accept their individual responsibility in this matter but the vast majority cheerfully undertook the task. It is an interesting matter of record that in the banner counties of the district—that is, in counties where even the target allotment was oversold—that the people are especially interested in all matters relating to the war and are most active in Red Cross and Army M. C. A. work. Somehow in those communities where the liberty loan bond buyers have been the most numerous and the most liberal the same enthusiasm seems to dominate their other patriotic efforts. The total of more than \$23,000,000 is the more remarkable when it is remembered that in the first liberty loan the same counties disposed of \$7,731,900 in bonds. This means that for the second loan the sale of bonds was more than

At the close of the Scott county

three times greater than for the first. A Fine Enthusiasm.

In conversation yesterday not intended for publication, E. E. Crabtree, who as chairman for Illinois has been actively identified for more than a month past with the placing of liberty bonds, said that to come in close contact with the organization for the placing of the bonds was indeed inspiring. Many of the 500 bankers doing business in the forty-four counties attended conferences while in St. Louis and in every instance came away fired with a new enthusiasm along various lines of patriotic effort which are now engaging public attention. Members of the organization committee naturally came into intimate knowledge of conditions in many communities and it was very interesting to find an earnest American spirit and enthusiasm for American success in the war in a number of the communities where the majority of the people are of German descent.

Bankers in their leadership in this liberty bond work set aside personal interests entirely. A banker in one of the smallest counties of the group took as his slogan, "The government first, my bank second," and that phrase well summed up the spirit which has characterized all of the bankers in the forty-four counties. As a matter of fact, however, the campaign has been beneficial to many communities from a banking standpoint and has resulted in a better understanding between the people and their bankers. In some counties thousands of dollars of funds which had been in the banks but had been hidden away was unearthed and invested in liberty bonds.

Real Leadership Points the Way. Altogether the record that the Illinois counties made is highly creditable to the state and while the bankers and the people must share in the honor for this good record, they also must give due credit to the splendid leadership of the executive committee which made the success possible.

The following tabulation gives the counties in the district, the amount of the minimum and "target" allotments, together with the amount actually subscribed. A star at the side of a county named indicates that in that county the "target" allotment was exceeded:

| County               | Minimum      | Target       | Subscribed   |
|----------------------|--------------|--------------|--------------|
| Adams                | \$1,020,000  | \$1,700,000  | \$1,602,850  |

ROYAL HUNGARIANS  
PLEASED AUDIENCE

First of Knights of Columbus Attraction Greeted by Large Audience—The Program.

The Knights of Columbus hall was well filled last evening with a highly appreciative audience gathered to enjoy the first of the series of events brought here by the members of the order and if the initial performance is a sample of what may be expected the members of the body deserve much credit for supplying Jacksonville with such superior musical attractions.

The Royal Hungarian Orchestra was the attraction and surely the people of Jacksonville are fortunate in being able to enjoy the work of such superior musicians. Of course anything like a critical notice of the fine affair is impossible suffice to say the noted organization was at its best and elicited the greatest praise. Several encores showed the value placed on the numbers by the audience.

The following was the program:

- Part One.
- No. 1—Daughters of the American Revolution—Lampe.
  - No. 2—Overture, Orpheus in the Underworld—Offenbach.
  - No. 3—Scherzo from "Lucia Di Lammermoor."
  - No. 4—Vocal solo—Miss Lydia Pearl Coe—One Fine Day—from "Madam Butterfly."
  - No. 5—Selections "Il Trovatore."
  - No. 6—Violin solo—Mr. R. Nemkovsky—Gypsy Dance—Nasal.
  - No. 7—Selections from "Rigoletto."
  - No. 8—American Patrol—Meacham.
- Intermission of ten minutes.
- Part Two.
- No. 9—Overture—Raymond—A. Thomas.
  - No. 10—Humoresque—Dvorak.
  - No. 11—Vocal solo—Miss Coe—Somewhere a Voice is Calling—Tate.
  - No. 12—Hungarian Rhapsody—Liszt.
  - No. 13—Flute Solo—Mr. Fleischman—Selected.
  - No. 14—Fantasia, Musical Scenes from Spain—Langley.
  - No. 15—Cello Solo—Fred Horvit—Ave Maria—Schuman.
  - No. 16—American National Airs—Tobana.

The audience is requested to stand and sing "The Star Spangled Banner" at the end of this selection.

FRANK CORREA RE-APPOINTED  
DEPUTY GRAND PRESIDENT

Dr. Carl G. Winter, Grand Worthy President, of the Fraternal Order of Eagles, of Indianapolis, Ind., yesterday re-appointed, Past-State President, Frank U. Correa, his Grand Deputy, for 2nd district of Illinois which comprises thirteen counties in the northwestern part of the state. Mr. Correa has the honor of being one of the five deputies of the state appointed by Dr. Winter.

Last year Mr. Correa was appointed by R. B. Goodell, who was then Grand Worthy President to the same office. Dr. Winter being elected Grand Worthy President at the Buffalo convention in August last, he is now appointing his deputies throughout the United States.

Many friends of Mr. Correa throughout the state will be pleased to hear of his re-appointment. It was thru the recommendation of friends and his personal acquaintance with Dr. Winter that secured the appointment.

## AUTOS IN COLLISION

Two automobiles came into collision at the road corner near the residence of H. H. Massey, late Friday afternoon. Fortunately neither O. F. Conklin, who was driving one car, nor Henry Slack, who was at the wheel in the other, were injured. Both cars were damaged to some extent by the impact and Mr. Slack's Ford was hauled to a local garage for repairs. Mr. Conklin was driving west and as he turned north came into collision with the Slack car going south. High weeds growing in the field adjoining the corner completely screening the view of the automobilists caused the accident. A more serious accident occurred at this same corner a few months ago for like reasons, and certainly weeds and bushes should be cleared away at this point so that the view is not obstructed.

### FINAL SERVICE DAY IN CIRCUIT COURT

Three Suits Were Filed Friday—Michigan Bank Brings Action Against City for \$15,000 Due on Bonds.

Friday was the final day for service for the November term of the circuit court and three suits were added to the general docket. W. N. Haigrove and Arthur Brown, as attorneys, filed a suit in the name of the State and German-American Savings Bank of Ann Arbor, Mich., against the city of Jacksonville for the sum of \$15,000. Only the practice in this suit as filed but it is understood that it is the result of the fact that the bank holds public improvement bonds of the city on which payment has not been made.

A petition was filed by H. P. Samuel as attorney for heirs of the late Mrs. Elizabeth Osborne. This petition is styled "Georgia L. Osborne, et al., as heirs." The parties at interest mentioned are Georgia L. Osborne, Almira Osborne Phelps, Jessie O. Metcalf, W. C. Osborne, Elizabeth O. Best, Marcy W. Osborne, Dorothy Osborne, Van Worden Osborne and Virginia M. Osborne, by their next friend, F. E. Farrell; Georgia L. Osborne as trustee, Jesse Metcalf, C. C. Phelps and Georgia L. Osborne as executor. The bill recounts that all of the persons mentioned are heirs of Mrs. Osborne and that the direction of the court is sought in the matter of distributing certain funds belonging to the estate of Mrs. Osborne. It appears that Georgia L. Osborne is trustee of two separate funds originally created by Nimrod Dewees, the father of Mrs. Elizabeth Osborne. By the will of Mr. Dewees a tract of 160 acres was conveyed to

John T. Alexander as trustee and a share in the estate resulting in a fund of \$12,097, passed into the hands of L. D. Rawlings as trustee. Subsequently S. S. Dewees succeeded the two trustees and then S. D. Osborne, succeeded Mr. Dewees, and finally Miss Osborne became the trustee. Thru such a long period of trusteeship matters have inevitably become somewhat complicated and it is simply for the purpose of securing court direction in the final distribution of the estate that this friendly proceeding has been instituted.

A third suit filed was that of the National Plumbers' Supply Co. against George E. Belzer on an account of \$356. F. L. Gregory is the attorney for the complainant.

### DESCRIBES TASK OF FEEDING AN ARMY

Government Faces Gigantic Problem of Supplying Wholesome Food for Millions of Men—Plan Followed at Receiving Barracks.

(By Ordain P. Fox, 7th Eng. Co. A.)  
While the people of civil life are being confronted with the problem of food conservation the United States government is confronted with the feeding of millions of hungry men. These men must be fed regardless of conditions, prices, etc., and on only the best and most nutritious of foods. The food for this army of men must be cooked in a way that will give the soldier the most strength and muscle building ingredients. The subject of cooking has been experimented by army officers and cooks under the direction of officials at Washington. It has been decided that steamed food is the best for the men. At army post camps and encampments on the field each company has its own mess cooked and served by company cooks.

But this plan is not followed at the recruiting barracks, namely Jefferson Barracks, Mo., which receives recruits from all the central states. Here is served what is known as a consolidated mess. They have two mess halls, one being new and one old. The new hall is the only one being used at the present time. This hall seats at one sitting 2,560 men. It contains 64 tables which seat 40 men each.

You will wonder how all these men are served but that question is easily answered. On each day in the forenoon a certain number of men are detailed from each company for mess hall duty. They are then given overalls and a white coat. These details of men report at the mess hall each afternoon at 3 o'clock for a 24-hour shift and to relieve the last detail. Upon release of the last detail the men are then assigned to duty as follows:

For each table there are three waiters known as No. 1, 2 and 3. No. 1 has charge of the table and directs the waiting on the table. No. 2 is required after his work is finished on the table to cut the eyes out of potatoes and peel them. No. 3 brings store supplies in to the store rooms from motor trucks. Three men are assigned the bread division. Their work is to fill the bread plates when brought up by the waiters. Fifteen men are assigned to the dish washing room. The work here is all done by dish-washing machines. Two men are assigned to the syrup dept.; their work being to fill syrup pitchers of which there are plenty as it is one of the favorite eats with all the boys. Three men are assigned to the store room, their work being to fill orders and supervise the placing of stores brought by motor trucks from the railroad cars.

Fifteen to twenty men are also assigned to the kitchen to help the cooks in their work. They wash pans, kettles, scrub floors, carry in coal and run distributing cars from kitchen to dining room. The food is steamed there, for all kitchens contain all steam cooking devices and six ovens. The kitchen has a capacity of food for 15,000 men and it now is comparatively easy to handle those there now, who only number a few thousands. There are two shifts of cooks of 8 hours each. The mess hall is in charge of a mess sergeant who gives his commands thru a megaphone. The dishes are each and every one placed at his command, as is also the food before the meal. To feed this army of men a few of the quantities of food that I perhaps know of are 16 bu. potatoes, 2,400 lbs of bread or 1,200 loaves, two kegs syrup, 16 cases of oranges, 12 bunches bananas, 150 lbs. of coffee and other food in corresponding large quantities. Each company lines up in front of its headquarters and then marches to the mess hall in a body for meals. There is no restriction on the amount eaten and you can eat all you desire.

**INJURED HIS EYES**

F. E. Bracewell suffered painful injury to his eyes yesterday as a result of a close inspection of the welding machine in operation on the West State street pavement. As previously mentioned, the electric rays which flash when this machine is in operation are very injurious to the eyes, tho at the time a person watches the machine there is no realization of the injury.

### NAPLES RESIDENTS HAD EXTENSIVE TRIP

Carl Ritter and Mrs. John M. Pine Visited Cities in East—Rev. G. E. Haas Suffers Appendicitis Attack—Other Naples Items.

Naples, Nov. 2.—"Go to Sunday School" day next Sunday, the 4th inst. The M. E. school extends a cordial invitation to all who can to attend its services.

Miss Mattie Steinbaker the past week entertained her friend, Miss Irene Bertholomew of Beardstown. M. J. (Marsh) Green of Huntsville, a former resident of Naples and vicinity, was in the city this week to attend the Green funeral services. He called on his many friends while here. He has a splendid farm and fine residence over in Schuyler county and is moving very nicely up easy street these latter years.

Rev. Geo. E. Haas is the latest subject on the appendicitis list, sustaining a severe attack on Tuesday night of last week. The illness responded readily to treatment, thus averting a surgical operation for this time. At this writing he is mending nicely and hopes to lead his services next Sunday. He is very grateful for flowers from friends, the handsome bouquet of half dozen big yellow chrysanthemums from Mr. and Mrs. Carl May and Lynnville was deeply appreciated.

Mr. and Mrs. Milton Moore gave welcome greeting to their daughter and husband, Mr. and Mrs. Robert Eldridge of Quincy, during the past week.

Raymond Ball, of Mrs. Haas' S. S. class was host Tuesday evening to his class and Miss Beulah Hatfield's. Hallowe'en effects were a part of the do of the evening.

We are pleased to announce the safe arrival home of Carl Ritter and sister Mrs. John M. Pine Wednesday. They had a fine trip all the way round, reaching from Atlantic City, N. Y., to Burlington, Vt., a place or two in Canada, Buffalo, Detroit, Chicago and home with many intervening places of interest. They had a great week in New York City under the guidance of Rev. Haas, son, Harold, who resides there. Carl feels better than ever after his experience in a Washington City hospital on the operating table for appendicitis.

Miss Nellie Green who had been very ill with typhoid fever for so long, passed away on last Saturday. She was the daughter of Mr. and Mrs. Jacob Green, many years resident of this city. She had a kind and sympathetic disposition and had many friends. The funeral was held from the home on Monday afternoon in the presence of a large gathering, the services, on account of the illness of Rev. Haas, were conducted by the Rev. Phil Rhinehart of Bluffs, who spoke very feelingly from the text, "Be ye also ready." The flower offering was large and beautiful. The interment was in Naples cemetery.

Dr. Alvarez received a social and business call from Dr. Weiss of Griggsville the past week.

Mr. and Mrs. L. W. Leanne of Decatur were in attendance Monday at the funeral services of the latter's sister, Miss Green.

Postmaster Parrish was a one day business visitor in Jacksonville this week.

Miss Helen Tash, just south of town line, a student in our schools, gave an evening of pleasant entertainment the past week to a number of her Naples friends.

Miss Helen Abbott and Mrs. Geo. E. Haas were attended at the Red Cross meeting at Winchester Thursday afternoon.

Pike county contributed Mrs. Pete Haley and brother, Elza Hatfield, to our visiting list the past week. They called on their mother, Mrs. Josephine Hatfield last Sunday.

James Merris was a visitor here from Decatur.

Several gentlemen from Chicago and elsewhere were in our vicinity during the past several days. Mr. and Mrs. Ed McGill of Clay-ton attended the Green funeral on Monday.

William Chambers, eldest son of James Chambers at edge of our town line, has taken up stay at Kansas City where he is in deep study at an automobile school.

Miss Mabel Gregory pleasantly entertained a company of friends at her home Wednesday evening with a candy social. They report a great time.

### PROMINENT RESIDENT OF CARROLLTON IS DEAD

Ornan Pierson, Prominent Banker and Business Man, Passed Away Friday Morning—Was Vice Mayor of Carrollton and Prominent in Republican Party—Wife is Sister of Henry Stryker of This City.

Carrollton Nov. 2.—Ornan Pierson prominent banker and business man of this city, died this morning at 10 o'clock after a brief illness. Death resulted from an attack of acute indigestion.

Deceased as born in Carrollton July 17, 1839 and had resided here all his life. He was united in marriage January 31, 1861 to Miss Maria Stryker, a sister of Henry Stryker, of Jacksonville. His widow and the following children survive: Mrs. James C. McNabb, Henry Pierson, Miss Florence Pierson and Albert Pierson, all residing in Carrollton. Mr. Pierson also was an uncle of Mrs. John R. Robertson of this city.

For many years Mr. Pierson was prominently identified with the business and political life of Green county. He was elected to the thirty-second general assembly from the 39th district when it was composed of Morgan and Greene counties. He was prominent in the republican party and was a personal friend of Gov. Oglesby and other republican leaders of the early days. He was twice elected mayor of Carrollton and also served for six years as president of the Board of Education in that city.

June 21, 1878, Mr. Pierson was elected cashier of the Greene County National bank and held that position until March 12, 1914, when he was elected president and held that position at the time of his death.

In addition to his banking interests he was identified with many other business enterprises. He was always public spirited and contributed much to the welfare of Carrollton and vicinity and was always identified with any forward movement. He gave both of his time and money

to philanthropic and other movements.

Funeral services will be held from Trinity Episcopal church in Carrollton Monday afternoon at 2:30 o'clock.
